- 25X1A 1. Mrs. Hampton, Secretary to Senator Bush (R., Conn.), has inquired regarding the work of [redacted] a former CIA employee who is currently under consideration for employment in Senator Bush's office. With the approval of Col. White, I informed Mrs. Hampton that while we had no question as to [redacted] security or loyalty, she had proven to be an unsatisfactory employee and was not eligible for re-employment here. I informed her that [redacted] had had great difficulty in adjusting to any of the positions to which she had been assigned and had found fault with all of them. I asked Mrs. Hampton to keep this information on a confidential basis for the use of herself and Senator Bush only, and she assured me that it would be handled in that manner. 25X1A
